PAGE 4

Significant changes are being implemented for the collection of bulky waste to better ensure the safety of our garbage collectors and the general population.

These regulations will come into effect spring 2018.

If you want more information, you can attend one of the following public meetings. The sessions are offered in either French or English, but the visual aid is bilingual. Our employees will be more than happy to answer your questions in the language of your choice.

Wednesday, May 2, 2018 | French session

Centre 50 d'Age d'or, Cocagne - 7PM

Thursday, May 3, 2018 | French session

Rogersville City Hall - 7PM

Wednesday, May 9, 2018 | French session

Community Room, École de Sainte-Marie - 7PM

Thursday, May 10, 2018 | English session

Rexton Curling Club - 7PM

Tuesday, May 15, 2018 | French session

Notre Centre, Grande-Digue - 7PM

Wednesday, May 16, 2018 | French session

Centre communautaire de l'Aldouane - 7PM

Wednesday, May 23, 2018 | English session

Bass River Country Club - 7PM

Thursday, May 24, 2018 | French session

Centre communautaire de Sainte-Anne-de-Kent - 7PM

BULKY WASTE

(Large Items)

What exactly is bulky waste?

Bulky waste is items too big for regular pickup. Examples: refrigerator, stove, sofa, toilet, etc.

Did you know? Waste that can be placed in a bag can probably be picked up during regular garbage collection.

Help us make sure that our waste collectors can work safely and efficiently when picking up large items.

- ☐ Please respect the **limit of 15 items**, including your construction and demolition waste bundles, per household per pickup (maximum total of 45 per year).

**An item is equivalent to one object, such as a piece of furniture, an appliance, a bundle, a bag, etc.*

- ☐ All garbage should be bundled or placed in bags or boxes (4' x 2' x 2' or 1.2 m x 0.6 m x 0.6 m), each weighing no more than 50 lb (23 kg).
- ☐ We will not pick up waste left in a trailer or truck bed.
- ☐ Place your items in an orderly stack and make sure they are easily accessible.

Non-transparent (opaque) bags

This only applies to the bulky waste collection:

Note that 2018 is THE LAST YEAR that non-transparent bags (black, dark green, orange, etc.) will be collected. Beginning in 2019, they will no longer be accepted.

What can you do with leftover non-transparent bags? Use them to store and carry bottles for exchange or for clothing donations.

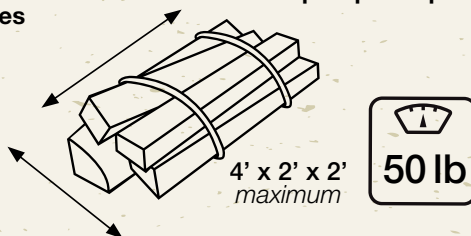

CONSTRUCTION and DEMOLITION MATERIALS

Large item pickups allow residents to dispose of small quantities of construction and demolition waste. The service is intended mostly for small renovation projects. **We will take up to five (5) bundles of these types of materials per household, per pickup.**

Acceptable materials include wood, asphalt shingles, siding, carpets and pipes if the bundles respect the following dimensions: 4' x 2' x 2' (01.2 m x 0.6 m x 0.6 m) in size, each weighing no more than 50 lb (23 kg).

Bundles, bags or boxes
Maximum of 5 per pickup

Careful with these objects!

Windows and mirrors

When compacted, glass can shatter, leaving a substantial amount of debris, or worse, even injure the people handling it. Before disposing of windows and mirrors:

- Break the glass in advance.
- Place it in a box.
- Write "broken glass" on the box.
- Attach the frame in a 4' x 2' x 2' (1.2 m x 0.6 m x 0.6 m) bundle.

Wood

We accept small quantities of wood grouped in bundles.

Before disposing of wood:

- Remove all nails.
- Attach the wood in 4' x 2' x 2' (1.2 m x 0.6 m x 0.6 m) bundles.
- Each bundle should weigh no more than 50 lb (23 kg).

These procedures have been implemented to ensure the safety of waste collectors and the general public and guarantee more efficient and timely service.

Asphalt shingles and siding must be in bundles, bags or boxes.

SCHEDULE

Collection schedule for 2018

Bulky waste (Large Items)

Please ensure that you put your bulky waste on the curb before 4PM on the day indicated below.

Register through our free mobile application **Kent Recycle** to receive reminders for your weekly collection and all other special collections, such as bulky waste and household hazardous waste (HHW).
