

**KENT REGIONAL SERVICE COMMISSION  
POLICY 2024-01  
POLITICAL REPRESENTATION**

**Preamble:** The Kent Regional Services Commission is a corporation created under the Regional Service Delivery Act. The primary objectives of all Regional Services Commissions (RSC's) are to provide or facilitate mandatory services to communities in the region, facilitate voluntary service agreements between communities and serve as a regional forum for collaboration between communities on regional issues. The latter objective is particularly important in the context of this policy. The Kent RSC, since its creation in 2013, has been very active on regional issues that require political involvement on the part of its members. Board members have chosen to take on this more important political role for various reasons such as and not limited to: ensuring a healthy environment for its population, the maintenance of public services within its territory as well as the public safety of its residents.

Since the Board plays an important role in terms of political representation, it was appropriate for it to have a plan to better oversee the various steps necessary to ensure the best possible representation for the people of the Kent Region. The Kent RSC does not seek to encroach on the role of elected municipal officials at the local level, but rather to act as the main interlocutor for issues that affect the area covered by the Kent Regional Service Commission or a group of communities within its territory. The meetings identified in this document are also included in the strategic plan of the Kent RSC. A chart, which is included as an appendix (Appendix 1) to this document, will serve as a guide to ensure that the Kent RSC fulfills its mandate under this policy.

**Purpose:** The purpose of this policy is to provide a guide to Board members on political representation towards provincial and federal elected officials and to organizations and corporations that are related to the business of the Regional Service Commission.

**Process:** The Executive Director with the Chair and Vice-Chair of Kent RSC will prepare the necessary documentation prior to the meeting with each of these stakeholders. These documents may include questions regarding decisions or initiatives undertaken by the organization, the Member of Parliament or the Minister, a presentation of the Kent RSC's strategic plan and action plan, its annual report and any other document relevant to the meeting. The Executive Director will be responsible for organizing these meetings. Appendix 2 and 3 includes working documents when the meetings take place so that everyone can follow the same document before and during the meeting.

**Political Representation - Federal Government**

1. The Kent RSC will make sure to meet with the members of the Canadian Parliament who represent the communities of the Kent RSC area once a year. The purpose of this meeting will be to present the strategic plan of the Kent RSC as well as any initiative that requires the support of members of the Canadian Parliament in order to bring forward issues that affect the population of Kent. During the meeting with members of the Canadian Parliament, it would be appropriate to seek the assistance of our two federal MPs to organize meetings with federal ministers on issues that affect the region if that is the case.

2. The Kent RSC will make sure to meet with members of the Canadian Parliament as soon as possible if there is an issue that falls under the jurisdiction of the federal government and that could have an imminent impact on the quality of life of the residents of the territory.

### **Political Representation - Provincial Government**

1. The Kent RSC will make sure to meet with the members of the New Brunswick Legislative Assembly who represent the communities of the Kent RSC area twice a year. The purpose of this meeting will be to present the strategic plan of the Kent RSC as well as any initiative that requires the support of the members of the New Brunswick Legislative Assembly in order to move forward on issues that affect the people of Kent.
2. The Kent RSC will seek the assistance of the Members of the Legislative Assembly who represent our area in order to organize meetings once a year with elected members who hold a department or portfolio who make decisions that have or could have an impact on the quality of life of the residents of the Kent region.
3. The Kent RSC will ensure that it seeks the assistance of the members of the Legislative Assembly who represent our area to organize the necessary meetings when a decision or situation that falls under the jurisdiction of the provincial government has an impact on the quality of life of the residents of the territory.
4. Members of the Legislative Assembly representing our area will receive the notice of meeting, agenda, minutes and notices of motion for each of the regular and special meetings of the Kent RSC Board of Directors. The purpose of this mail out is to ensure that our members of the Legislative Assembly are invited to Board meetings and are aware of the decisions made and to be made by the Board.
5. An annual visit of the Chair and Vice-Chair to the Legislative Assembly is highly recommended to provide an additional opportunity for more visibility towards provincial elected officials and their staff. This visibility can certainly be used to move forward issues affecting the Kent RSC with the provincial government.
6. Kent RSC will make sure to meet with members of the Legislative Assembly, as soon as possible, if there is an issue that falls under the jurisdiction of the provincial government that could have an imminent impact on the quality of life of the territory's residents.

## **Political representation - regional and local**

1. The Kent RSC will make an effort to meet, collectively or individually, with New Brunswick RSC'S when an issue or file has an impact on more than one RSC. These meetings must be strategic, in order to move forward on issues that affect more than one RSC.
2. The Executive Director of Kent RSC will ensure that he meets regularly with its counterparts in the other 11 New Brunswick RSC's to discuss issues and opportunities that affect the RSC's. He will ensure that he communicates and advocates on behalf of its RSC so that the region is prepared when an opportunity or issue arises.
3. The Executive Director and the Chair of the Kent RSC will meet upon request with each mayor of the municipalities and rural community, the president of Rural District and the FirstNations Chiefs located in Kent to discuss issues that affect the region. These meetings will provide a better understanding of the issues of each of the communities in the area.

## **Political Representation - Agencies, Corporations and Organizations**

1. The Kent RSC will ensure that it meets at least once a year with the President and Executive Director of the municipal associations (AFMNB and UMNb) to explore opportunities for collaboration on provincial issues that have a regional scope and vice versa. There are issues that may require increased collaboration with the municipal associations and maintaining this relationship would benefit both the RSC and the municipal associations.
2. The Kent RSC will ensure that it meets at least twice a year with the President and Executive Director of the Kent CBDC in order to update itself on major economic development issues and to examine opportunities for collaboration in order to boost the economy of the Kent region.
3. The Kent RSC will ensure that it meets at least once a year with the president of each of the Chambers of Commerce in the region to better understand the challenges facing businesses in the area and to explore opportunities for collaboration and partnerships to boost the economy of the Kent Territory.
4. The Kent RSC will meet as needed with any other organization that could collaborate with the Kent RSC on issues affecting the region. The frequency and purpose of these meetings will vary depending on the issues at hand.
